

been added to incorporate this as a separate feature; dependent claim 23 has been added to specify that the internal power source for the functions recited is a single battery, a feature not shown in the prior art.

Dependent claim 11 has been amended to be dependent on claim 22.

Respectfully submitted,

A handwritten signature in black ink, appearing to read 'Irving Keschner', with a long horizontal flourish extending to the right.

Irving Keschner
Attorney for Assignee
